

# compact speaker SA505

## so much sound from such a little loudspeaker

The SA505 is a surprisingly small loudspeaker that delivers the genuine SA sound. It can be placed virtually anywhere and can be used with a quality system for both music and home cinema entertainment.

The SA505 lets you fill your room with sound - not sound equipment. It is much more powerful than it looks and being magnetically shielded, it can be placed close to your TV.

## technical information

- Extremely fast drive units
- Magnetic shielding
- 2 way design
- Mechanically stable cabinet

Finish:

**real wood:**

black ash

cherry

maple

**enamel paint:**

white satin
