

floor standing speaker SA aura 30

SA aura 30. Simple design and big sound

floor standing speaker SA aura 30:

refreshing simplicity

SA aura 30 has the ability to surprise. You see a small floor standing speaker, but you hear a big and breathtaking sound. The design is refreshingly simple and build quality is sky-high.

Together with a music system of a good quality SA aura 30 will give you surprising music experiences with both energy, authenticity and finesse.

suitable for all kinds of music

You get a feeling of being in close company with the music, whether you hear pop, rock, classical or jazz. In your home SA aura 30 will show its dynamic headroom by making the film's special effects clearer and make the dialogue easier to understand.

intended for placement near a wall

The speaker acoustics are designed to the conditions in a normal room. This means that the speaker is made for a placement 10-20 cm from the wall behind.

can be used with almost all electronics

SA aura 30 makes no specific requirements for your music system, to give you good sound. The amplifier must only be of good quality and power output should be 50 watts or more.

small speakers that lead technology

SA mastered the art of creating big sound, long before other brands.

While other brands built large and complicated speakers, SA presented in 1984 a small speaker with an unusually big sound. At that time it was unusual to work with big sound from small speakers. Today, SA is respected for pioneering modern loudspeakers. SA delivers a unique sound quality compared to other speakers of similar size.

technical specifications			
power handling	135 Watt	recommended amplifier	min. 50 Watt
frequency range	45 - 35.000 Hz (+/- 3 dB)	sand chamber	5 liters (appx.12 kgs)
impedance	4-8 Ohm	packing	individually
sensitivity (1W / 1m)	88 dB	weight loudspeaker (kgs)	11,3
crossover network	2500 Hz (18 dB/oct.)	dimensions (WxHxD) cm	14,5 x 98 x 20
tweeter	1 pcs. 1" TWG2504AV	packing dimensions (WxHxD) cm	32 x 109 x 34
woofer	2 pcs. 4,5" W1104AV	shipping weight (kgs)	13,6
midrange	-	recommended placement	floor, 10-30 cm from backwall
principle	2,5 way bass reflex	2 years factory warranty from purchase date*	yes
biwiring	no	included accesories	8 spikes with nuts and spike pad, 8 rubber feet
magnetic shielding	yes
