

floor standing speaker SA1730

## sincere respect for quality

SA1730 is a tasteful quality loudspeaker with a discrete appearance. The sound is authoritative and matches every form of music.

Here the same experience and expertise that produced the SA1750 has been poured into a smaller form factor. That's why the SA1730 shares many of the same qualities as its big brother. Both make it a virtue to be different. Instead of complexity we've pursued simplicity. It's compact, not gigantic. It doesn't differentiate between music and film – it can be used to great advantage for both. The sound is dynamic and natural thanks to the especially powerful drive units with ultra-lightweight membranes.

## technical description

- Extremely fast drive units
- Magnetic shielding
- Mechanically stable cabinet
- Vibration-absorbing rubber integrated into the base
- 2½ way d'Appolito design
- Options for bi-wiring/bi-amping

# Finish:

## real wood:

black ash

cherry

maple

## enamel paint:

white satin

## technical specifications

power handling	135 Watt	sand chamber	3 liters (appx. 7 kgs)
frequency range	45- 40.000 Hz (+/- 3 dB)	packing	individually
impedance	4-8 Ohm	weight loudspeaker (kgs)	12
sensitivity (1W / 1m)	89 dB	dimensions (WxHxD) cm	13 x 95 x 22,9
crossover network	700 / 3000 Hz (24 dB/oct.)	packing dimensions (WxHxD) cm	28 x 107 x 36
tweeter	1 pcs. 1" TWG2506AV	shipping weight (kgs)	14,7
woofer	2 pcs. 4,5" WFP1108AV	recommended placement	floor, 10-20 cm from backwall
principle	2,5 way bass reflex	2 years factory warranty from purchase date*	yes
biwiring	yes	included accesories	8 spikes with nuts 8 rubber feet
magnetic shielding	yes	recommended accesories	SPK1 8 spikes with nuts
recommended amplifier	min. 40 Watt
