

## compact speaker SA520

# powerful multi loudspeakers

The SA520 reflects all of SA's experience and expertise in the construction of compact loudspeakers suitable for both music and film.

The SA520 is a champion in the most demanding discipline for a loudspeaker: reproducing music so it sounds natural, dynamic and alive. The SA520 will surprise you with a quality of sound that greatly exceeds its compact size. The magnetic shielding also makes the SA520 ideal as a powerful center channel speaker for demanding home cinema enthusiasts. (This version is called the SA520AV.)

### options for positioning

- On the wall with the bracket WB1
- From the ceiling with the bracket CB1
- On the floor with the stand FS1

### the SA520 is ideal

- In a sound system for all forms of music
- As a front speaker in a home cinema
- As a center channel speaker in a home cinema (as the SA520AV)
- As the rear speaker in a home cinema
- With an active subwoofer (SE175 or SE200) in a sound system

# technical description

- Extremely fast drive units
- Magnetic shielding
- 2 way d'Appolito design
- Mechanically stable cabinet
